Hi Jeff,

I printed out the briefing paper and will ask him what his preference is in terms of briefing as soon as he has time to review it once back in the office.

Thank you!

Subject: Tri-City 404 Permit review with potential for (b) letter issuance.

Shawn and Randy –

Attached is a briefing paper for a 404 permit which is on public notice in the Norfolk District.

This project has been around for quite some time and had many iterations.

Due to a number of issues, including a scheduled site review, we have received and extension to the permit comment period from the Corps and are in the process of developing a comment letter which will be an (a) elevation one. It is likely that this will be followed by a (b) letter signed by Shawn.

Please let me know if you have any additional questions or concerns.

Renee – Could you please let me know if Shawn would prefer a briefing on this matter prior to us sending the (a) letter or if he is okay with one which is scheduled during the 25 day period between the (a) and (b) ?

Thanks,

Jeff
